

17. September 2021

Folgende Infos von Balboa betr. Corona werden auch bei Landlocked Surf-Fitness angewendet (evtl. leichte Abweichungen) und müssen von allen Teilnehmenden befolgt werden:

DETAILS - CERTIFICATE OBLIGATION

We are happy to communicate the details of the introduced certificate obligation at Balboa.

Clients with certificate (vaccinated)

Can attend all workouts indoor and outdoor.

The certificate can be deposited so you don't have to show it every time.

There is no mask obligation on the training area.

Outside the training area masks are still mandatory.

Clients recovered / clients tested (with certificate)

Can attend all workouts indoor and outdoor.

We ask you to show your certificate with id / passport at every check-in for indoor classes without being asked.

Unfortunately our system does not offer the possibility to store this permanently.

Customers without certificate

Can attend all outdoor workouts without a certificate.

We ask you to wear a mask when you enter the Balboa premises - masks are mandatory.

Further protective measures & mask obligation

Outside the training area, masks are still mandatory.

The previous protection concept will be maintained.

Contact tracing

In case of signs of Covid-19 before, during or after class, we ask you to inform us immediately. Refunds will be given for classes that cannot take place due to such a situation.

WITH THE BEST OF HEALTH

Bei Fragen stehe ich euch gerne zur Verfügung via emanueltonet@hotmail.com.
